

JEFFERSON SCHOOL DISTRICT 251 TITLE 1 PROGRAM INFORMATION

Title 1 Program

The Title 1 program can provide support for students in Math and English Language Arts. The program has a lot of interventions to assist your student with learning.

Title 1 is a program funded by the federal government to help ensure that all students receive a high quality education.

Schools in the district qualify for funding based on the percentage of students qualifying for free and reduced meals.

All of the qualifying schools in our district are classified as schoolwide schools. This means that the funding is used to support the academic needs of all of the students in the school and to help them meet the challenging state academic standards.

Funding is used to provide instructional support services for students in the school who are most at risk of not meeting the academic standards required by the state.

Key Components

All schools have a committee that looks at the needs of the school based on data, develops a plan to meet those needs and annually reviews the plans and makes adjustments.

A committee consisting of parents, teachers, and administrators review the needs assessment and program annually to identify strengths and weaknesses related to student performance and program services.

Each school develops a school wide plan to outline the goals and strategies that will be used to target the desired outcomes of the needs assessment.

The plan may include programs, activities, and courses necessary to provide a well-rounded education for students.

Title 1 also may provide afterschool programs, counseling, mentor programs, additional support staff, and teachers to meet the needs of our students.

It is important for parents to learn about the Title 1 programs in the school and see how they can participate in the program. Together we will help our students achieve their highest potential.

Ways that you can be involved

Visit your student's school and meet with your teacher. Check your student's progress in PowerSchool on a regular basis. Provide time and a space for your student to study and complete their homework at home. Help your student with their homework as needed.

Visit the school or district's webpage for Title 1 program information at jeffersonsd251.org.

We look forward to partnering with you on your child's education. Together we can all make a difference.

Title 1 District Contact Information

If you have any questions or concerns about the Title 1 program, please contact your principal or the Director of Federal Programs.
